

## Public Notice

### COVID-19

The Hope Vale Aboriginal Shire Council is continuing to be guided by information being provided by Queensland Health during this health pandemic.

Council is aware that one case of COVID 19 has this afternoon been confirmed in Cairns. It's important to note this is not a community transmission but was a person who had recently been overseas.

Council encourages everyone to keep up to date with the latest information from [QLD Health](#) COVID-19 website.

Council's website's [News and Notices](#) page also has links to relevant and up to date information on COVID-19.

At this stage the road to Hope Vale is open however Council appreciates if agencies and the general public (non-locals) do not travel to our community other than for absolutely necessary reasons.

Council supports our residents in going about their daily lives during these difficult times.
